...Joe Cronin will be ...ger of the American ...official now. What ...the world's worst ...ency was broken on ...ld with only a sour ...certain party.

...that party had ...criticism of the ...resident was selected. ...decided he was ready ...favor of a younger ...Harridge felt he was ...old for the job, few ...ls could have stay-

...ed on practically as long as he liked.

That was one reason Harridge was popular. He did what he thought was best for the game, and never was a glory-seeker. Now those who wanted Cronin in the saddle, and they were in the majority, lined it up before Harridge's announcement was made, according to the report.

The criticism ns not with the selection of Cronin but with the method—getting everything arranged before the Harridge resignation. A sort of fixed-up-in-advance deal, some are saying. Baseball thus gets into another controversial wrangle at a time when the game has been taking a lot of criticism on the chin. This one is of minor significance, though, and will probably soon be forgotten.

Joe Cronin, in fact, should make the American League an able and popular head man. Cronin never could get that hex on the New York Yankees, when managing Boston, though he fielded some great ball teams and was always in there trying.

At last he has reached his goal, in one sense of the word. He now has gained a position somewhat above the New Yorkers —something Boston teams, usually failed to do, in the standings, in the long years when Cronin was trying to do just that.

He is above the Yankees in the sense, at least, that he is to be their league president. And the Yankees probably won't be able to win their arguments with Cronin now as consistently as they did on the field should there be any in the coming months and years. There probably won't be many, for Cronin is actually an admierr of the champions, a very real admirer.

Play safe — drive carefully.
